EXPERIENCE

Co-Founder & AI Technical Director
Naar-e Abi Studio | 2022 – Present

Pipeline Innovation: Direct the technical pipeline for an officially licensed, fully AI-generated animated feature film.

Efficiency Optimization: Implemented AI-driven workflows that condensed one-month production cycles into a few days.

Hybrid Workflows: Blended bleeding-edge AI generation with conventional VFX to resolve lighting inconsistencies and artifacts.

Technical Visual Artist & Producer (Live Events & Media)
Freelance | 2022 – 2026

Large-Scale Production: Produced massive video mapping content for major theatrical productions and stadium concerts.

High-Impact Media: Created AI-driven promotional teasers and high-retention social media edits.

Technical Problem Solving: Translated complex artistic visions into technical visual outputs for on-site challenges.

Senior Video Editor & VFX Artist
BAZTAB Advertising Agency
2021 – 2023

Commercial Excellence: Managed post-production for high-end campaigns, delivering content fornational brands.

Standard Compliance: Handled end-to-end editing and VFX integration ensuring all deliverables met strict broadcasting standards.

Compositor
Lichi Studios | 2018 – 2020

International Recognition: Executed advanced compositing for Annie and Manny, an animated series ranked 3rd among Top 30 at MIPJunior, Cannes.
